

This month it's all about "*amour*". It's so much fun celebrating all the things that are part of Saint Valentine's Day- le jour de la Sainte Valentin. It can make us feel all nice and warm inside, but what about the outside? It's still winter cold out there!

Il fait fffroid! As we continue to bundle up this term, we'll take this opportunity to focus on new French vocabulary related to clothing- les vêtements. As you help the children get ready for school or to go home, why not ask them if they know the French words for the clothing they are wearing? I'm sure they will be happy to demonstrate their new language skills and perhaps be willing to teach a few words too!
